SÜEDA ŞENEL TURGUT

SOFTWARE DEVELOPER

ABOUT

Bilişim Sistemleri Mühendisliği mezunuyum. Okurken hem kendi uğraşlarım hem de part time çalıştığım firmalar sayesinde pek çok alanda fikir sahibi olmaya çalıştım ve bunları da CV'mde belirttim.Şuan ise bazı JavaScript Frameworkleri üzerinde kendimi geliştirmeye ve projeler yapmaya devam ediyorum(React js, Vue js). Öncelikli iş arayışım bu yöndedir ancak farklı teknolojilerle de açığım ve ilgilenmeyi isterim. Front End - Back End ayrımım yoktur, iki alanda da çalışmaktan keyif alıyorum. İkili iletişim kurabilecek ve mesleki alanda kullanabileceğim kadar ingilizce bilgiye de sahibim.

CV'mi incelemeye vakit ayırdığınız için teşekkür ederim.
